

# Meet Johnny Srouji.

Senior Vice President of Hardware Technologies

Johnny Srouji serves as senior vice president of Hardware Technologies at Apple, reporting to CEO Tim Cook. Johnny has built one of the world's strongest and most innovative teams of silicon and technology engineers, overseeing breakthrough custom silicon and hardware technologies including batteries, application processors, storage controllers, sensors silicon, display silicon and other chipsets across Apple's entire product line.

Johnny joined Apple in 2008 to lead development of the A4, the first Apple-designed system on a chip.

Monday, September 18

5:00 p.m. to 6:30 p.m.

Rashid Auditorium
