AI at Bloomberg

Decision makers across the global finance industry look to Bloomberg to deliver timely political, business and financial news, information and insight. In this talk, Dr. Wooyoung Lee (MLD 2014) and Dr. Andrew Hsi (LTI 2018) will provide an overview of Bloomberg’s cutting-edge AI research and touch on the machine learning and natural language processing capabilities and infrastructure that Bloomberg’s AI team have built.

When: Thursday, September 12th at 12pm
Location: Gates Hillman 4405
