

NUTANIX™

Nutanix enables IT teams to build and operate powerful multi-cloud architectures. Our Enterprise Cloud OS software melds private, public and distributed cloud operating environments and provides a single point of control to manage IT infrastructure and applications at any scale.

We are looking for the next group of innovative and passionate students to join our family. Interested in learning more? Join us for an evening of networking and meet our team. Attendees will be entered into a raffle to *win Beats Solo3 headphones.*
