Chapter 1: Introduction to Bento 1
How to Read This Specification 1
Why We Need Bento 1
How You Can Use Bento 2
Scope of This Specification 5
Status of Bento 6
Changes in Version 1.0d5 7
Changes Planned 8
Changes Being Considered 8
Changes Rejected 8
Chapter 2: Bento Requirements 9
Primary Objectives 9
Derived Requirements 9
Chapter 3: Design Overview 13
Bento Data Model 13
Primary Entities 13
Secondary Entities 15
Handlers 16
Chapter 4: API Definition 19
Changes Since Version 1.0a4 19
Design Comments 19
Types and Constants 20
Low level basic types 20
Types 20
Constants 22
Operation Definitions 23
Session Operations 23
Container Operations 25
Type and Property Operations 28
Object Operations 30
Value Operations 32
Reference Operations 37
Chapter 5: Types and Dynamic Values 41
Usage Examples 41
Structured Types 42
Dynamic Values 43
Dynamic Value Creation 45
Layering Dynamic Values 45
Data For Dynamic Values 47
Handler Contracts 48
