17-355/17-655/17-819: Program Analysis
In-Class Exercises
January 17, 2019   **Andrew ID:** _____

1. Write one or more big-step operational semantics rules for the while loop in the WHILE language (reminder: the loop looks like while *P* do *S*).

2. Write one or more small-step rules for the same while loop:
