

Public Transportation:

Chicago has numerous options for public transit, including buses, the “el” (light rail), which are run by the Chicago Transit Authority (CTA). Chicago also has a commuter rail system called Metra.

For transportation to downtown Chicago (also referred to as the “Loop”), and TTIC’s neighborhood, Hyde Park, you can access information about the CTA at <http://www.transitchicago.com/> and Metra at <http://www.metrarail.com/>. You can find schedules, plan routes, and learn about all transit services.

Cash transit fares can be paid on each bus and train, or transit fare cards (Ventra cards) can be purchased at any CTA 'L' (rail) station. Learn more about CTA fares and Ventra cards at <https://www.transitchicago.com/fares/>

Downtown from Midway Airport: The Orange Line “L” train can be taken from Midway International Airport to downtown Chicago. The Orange Line stops at Roosevelt and Harold Washington Library - State/Van Buren.

Route map

Getting around Hyde Park (#172 U. of Chicago/Kenwood Bus): The #172 bus stops throughout the Hyde Park area

Route map

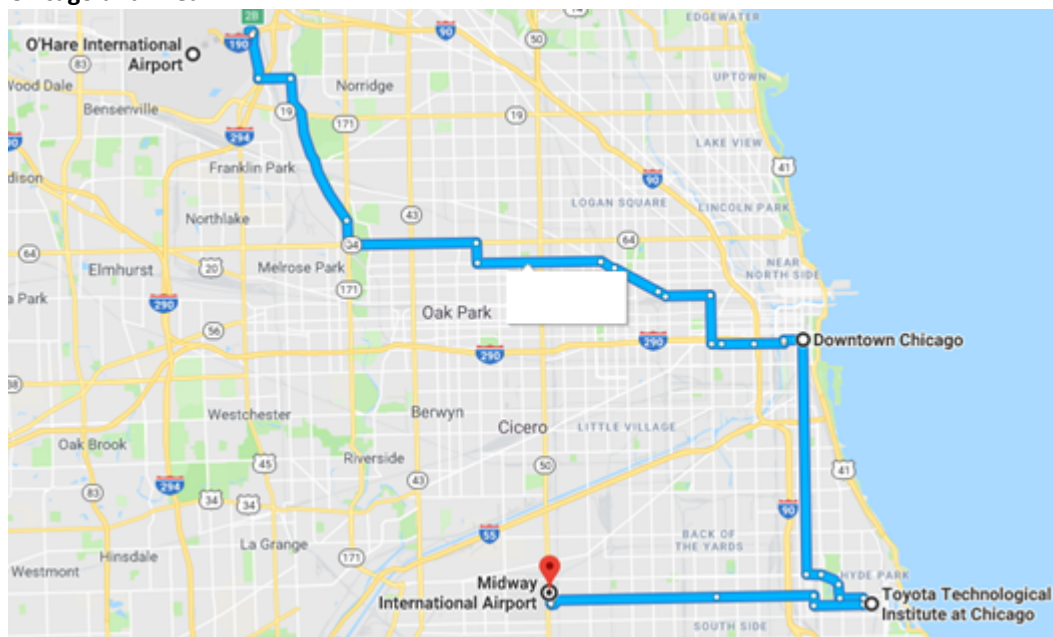

The main cab services are Yellow Cab (312-TAXICAB) and Checker Cab (312-CHECKER), however various taxis are available throughout Hyde Park and the Chicago Loop.

All taxis will be marked as such with a taxi medallion and a lighted sign on top of the car. Never accept a ride from someone claiming to be a taxi who does not have the required medallion and sign.
