

The War Effort Needs YOU!

If you have expertise in one of these areas,
you are badly needed in war work:

Active Perception
Autonomous Navigation
Computer Vision
Distributed Systems
Dynamic Simulation
Face Recognition
Human Identification
Humanoids
Image Databases
Legged Locomotion
Machine Learning
Manipulation
Medical Robotics
MEMS
Mobile Mechanisms
Multi-Agent Coordination
Object Recognition

Off-road Navigation
Planning and Scheduling
POMDP Modeling
Rapid Prototyping
Real-time Architectures
Road Tracking
Robot-Human Interaction
Sensor Fusion
SLAM
Software Agents
Surgical Robots
System Integration
Terrain Modeling
3D Shape Reconstruction
Vehicle Automation
Video Surveillance
Voice Recognition
