ANDREW'S LEAP
is a summer enrichment program run by the Carnegie Mellon
School of Computer Science since 1991.

JUNE 17 - AUGUST 2, 2013
All local area high school (and exceptional middle school) students are encouraged to
APPLY!

LEAP IS A NON-RESIDENTIAL
SEVEN-WEEK PROGRAM
THAT RUNS WEEKDAYS FROM
10:00 AM TO 5:00 PM.
TUITION FOR 2013: $1970

Through special classes and guest faculty presentations, students discover the exciting and vast possibilities of computer science.

Students LEAP ahead ten years in their understanding as they are exposed to the frontiers of computer science research.

Students interact with notable scientists, visit cool, leading-edge local companies and dive into their own projects. They emerge with a vivid overview of Computer Science at Carnegie Mellon.

For detailed information or on-line registration please visit our website
