Closing Night Pandemonium

The Problem: Unorganized Information Flow

- Stories are not copy read in any definite order
- Page Progress Board is busy and confusing
- Inefficiencies lead to frequent disputes and fights

The Solution: Polysync Task Organizer Suite

Development Process

Phase I: Identifying Tasks & Roles
- Integrated tasks that governed info flow w/ job roles

Phase II: Flow Chart
- Mapped out that flow into an ordered sequence of events

Phase III: Wire Frames
- Developed outlines for screens that organized key tasks in sequential flow of information

Final Solution

Phase IV: Polysync
- Simplifies presentation of information flow
- Makes some existing tasks more efficient
