15-296 Images of Computing 2015

Outreach Assignment

This is a 2 part assignment:

- Pt. 1 Prepare and implement a presentation aimed at broadening interest in computing (teamwork). *Present to the class ahead of time for feedback.*
  *Activities to be completed by end of day Friday, May 1st*

- Pt. 2 Write a short report (2-3 pages) describing your outreach development and outcome (individual) with reference to the points below.
  *Reports due by May 4th*

*Think about:*

- What are your goals?
- Who is your target audience?
- What materials/equipment will you use?
- How did you organize the skills and contributions of the team?
- How long is the presentation?
- How will you measure impact?
- How does your outreach relate to the class?
