Advanced Placement (AP),
International Baccalaureate (IB), and Cambridge Exams (CE) Credits

Carnegie Mellon does give credits for AP, IB\(^1\), and CE\(^2\) courses. Typically if you score a 4 or 5 in AP CMU will give you credit. Same thing if you score a 6 or 7 in your IB or you score A or B in the CE tests.

4 in AP = 6 in IB = B in CE  
5 in AP = 7 in IB = A in CE

The university Advanced Placement Policies can be found at:

http://www.cmu.edu/hub/registration/undergraduates/ap.html

What do you have to do?
You need to send me a copy of the official document with your grades. This is a copy of the grade report sent to you by the College Board (high schools grades reports are not acceptable). It doesn’t matter if you have already sent your scores to the Admissions Office (or any other office) at CMU.

At this time, I am only interested in the following subjects:
- AP: Computer Science, AB Calculus, and BC Calculus.  
- IB: Computer Science and Mathematics.  
- CE: Computing, Mathematics C/Advanced Math, and Further Mathematics C.

**IF YOU TOOK ANY OF THESE TESTS *PRIOR* TO 2017**
I would like to send me a copy (or the original) of your scores. If you don’t have a copy to send to me then you need to get one. You can contact the College Board directly and request a copy of all your test scores. Your high school academic counselor may be able to help you with this. You can also download a copy of your grade report from the College Board website. A copy of your AP scores is needed for me to record your credits in the CMU system. **You can simply scan your AP scores and send them to me as an email attachment.**

The same process applies to those of you who took IB courses or CE courses prior to 2017.

---
\(^1\) Carnegie Mellon only grants credits for IB Higher (HL) Level Exams.  
\(^2\) Carnegie Mellon only grants credits for Cambridge/Edexcel Advanced (A) Level Exams or Singapore H2 Level Exams
IF YOU TOOK ANY OF THESE TESTS *IN* 2017
You will need to wait until the scores for 2017 are available (probably early July), but you should let me know which tests (of the ones mentioned above) you took this year. Send me the old scores if you have them. **You can simply scan your AP scores and send them to me as an email attachment.**

The same process applies to those of you who are taking IB courses or CE courses in 2017.

---

IF YOU TOOK ANY OF THESE TESTS IN MULTIPLE YEARS
Some of you may have taken these tests in different years. For example, you may have taken the AP AB and BC Calculus tests in 2016 and the AP CS in 2017. In that case, I need you to send me the scores that you already have and let me know that you are waiting for the 2017 scores.
