

Income Tax Extension Payment 2004

Use this form to pay your tax by April 15 **only** if you are filing your Form M1 **after** April 15, 2005. Do not use this form if you are filing Form M1 on or before April 15, or you are paying your tax after the due date.

All tax must be paid by April 15, even if you have an extension to file your federal return. There are no extensions to pay your Minnesota individual income tax.

If you will be filing your income tax return after the due date, estimate the total tax you owe and pay that amount by April 15, 2005. You can pay electronically, by credit card or by check.

If you pay after April 15, your payment will not be credited to your 2004 estimated tax account and your payment will be considered delinquent.

If you pay at least 90 percent of your total tax by April 15, 2005, and file your Form M1 with payment of the remaining tax due no later than October 15, you will not be charged a late payment penalty. If you fail to pay your tax as required, a 4 percent late payment penalty will be assessed on the tax not paid by April 15. Interest of 4 percent per year will be assessed on any unpaid tax and penalties from April 15, 2005, until paid in full.
