Careers in Engineering & Scientific Consulting for EE & CS Ph.D.s

700+

Consultants

25+

Offices

425+

Ph.D.s

Electrical Engineering
Computer Science
Applied Physics

Date: November 29, 2017

Time: 11:30 AM - 1:30 PM

Location: Gates Hillman 6501

Speakers:

Brian D'Andrade, Ph.D, P.E.

Principal Engineer

Discover a non-academic career that will allow you to take full advantage of your engineering, scientific, and analytical background. Exponent is an engineering and scientific consulting firm that hires doctoral students in a variety of engineering disciplines. We work on the most contemporary and prominent engineering problems in the world. We are looking for graduate students with strong communication skills who are willing to learn on the job and apply their education in unexpected ways. Learn more about how your background can fit into the exciting world of engineering and scientific consulting. Examples of consulting projects will be presented.

- Biomechanics
- Biomedical Engineering
- Buildings & Structures
- Chemical Regulation & Food Safety
- Civil Engineering
- Construction Consulting
- Defense Technology Development
- Ecological & Biological Sciences
- Electrical Engineering & Computer Science
- Engineering Management Consulting
- Environmental & Earth Sciences
- Epidemiology & Computational Biology
- Exposure Assessment & Dose Reconstruction
- Human Factors
- Materials & Corrosion Engineering
- Mechanical Engineering
- Occupational & Environmental Health
- Polymer Science & Materials Chemistry
- Statistical & Data Sciences
- Thermal Sciences
- Toxicology & Mechanistic Biology
- Vehicle Engineering
