

Curious, collaborative and driven? Let's chat.

See yourself here.

Goldman Sachs is committed to diversity and seeks to empower students to have successful careers in the financial services industry.

Our Exploratory Programs are interactive, multi-week virtual programs for undergraduate students. These programs are open to all majors and are designed to introduce students to the extensive range of career opportunities in the financial world.

As a participant, you will:

- Gain tangible resume-enhancing skills and tips through interactive workshops
- Network with various Goldman Sachs professionals and members of our Firmwide Inclusion Networks to hear more about their experiences and diverse backgrounds
- Have access to financial literacy courses from AYCO, Goldman Sachs' financial counseling service

Select students will have the opportunity to interview for a 2022 Summer or New Analyst role.
