

You solve problems. So do we.

[See yourself here.](#)

At Goldman Sachs, we believe who you are makes you better at what you do. We seek out people with all types of skills, interests and experiences. So whether you've been trading penny stocks since the eighth grade or have never imagined a career in finance, there's a place for you here.

For us, it's all about bringing together people who are curious, collaborative and have the drive to make things possible for our clients and communities.

These events are open to all current Carnegie Mellon University students. You are not required to register in order to attend, but your registration will help us account for anticipated attendance (and food we may need to accommodate).

We welcome students from all courses to attend our events and apply for our roles. No previous experience in finance or classes required!
