

MATLAB & Simulink Seminar @ CMU

Carnegie Mellon University

Thursday, October 20th, 2016, 1:30 p.m. – 4:30 p.m., Gates & Hillman 6115

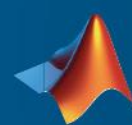

Developing Advanced Robotics Applications with MATLAB® and Simulink® presented by Carlos Santacruz-Rosero, Ph.D., Senior Robotics Application Engineer at MathWorks

**Thursday, October 20th
1:30 p.m. – 4:30 p.m.
Gates & Hillman 6115**

Highlights Include:

- **Designing and simulating robotics systems**
- **Prototyping and testing robotics algorithms for mobile robots**
- **Integration with ROS (Robot Operating System)**

**Register at
www.mathworks.com/CMU_Robotics**

MathWorks®

Accelerating the pace of engineering and science
