Visualizing Data with Power BI

Monday | November 3rd | 5:30pm

Gates & Hillman 4401 – Rashid Auditorium

Join us to hear Siva Harinath, Principal Program Manager, speak about Power BI. Power BI is a SaaS service that allows anyone to easily explore and visualize their data and get insights. In this talk you will see demos of visualizing data and getting insights via Power BI and the challenges of building a SaaS service at scale.
