

NVIDIA TECH TALK

Carnegie Mellon University

Learn about the AI-Infrastructure Team and how they are scaling-up deep learning perception for Autonomous Driving. The team's research focuses on the efficiency of deep learning methods from a data and DNN perspective.

We will also be raffling off an NVIDIA Jetson Nano and NVIDIA Titan RTX!

WHEN

Thursday, September 17

WHERE

Webex Events

AGENDA

6:00 p.m. - 6:15 p.m. EST
Check-in and Intros

6:15 p.m. - 6:50 p.m. EST
NVIDIA Tech Talk

6:00 a.m. - 7:00 p.m. EST
Q&A + Raffle

SPEAKERS

Jose M. Alvarez
Senior Research
Manager & Principal
Scientist

Maying Shen (CMU '19)
Deep Learning
Infrastructure Software
Engineer

Xinnan Du (CMU '20)
Deep Learning Software
Intern
