

Qualcomm Innovation Fellowship

Research and Development is the key to creating new technologies. Qualcomm Research is excited to announce the 2016 Qualcomm Innovation Fellowship which promotes Qualcomm's core values of **innovation, execution and partnership**

Application Areas for Proposals

- RF-Related
- Internet of Everything (IoE) & Wi-Fi
- Mobile Security & Privacy
- Processor Architecture & Implementation
- Software System Architecture
- Computer Vision and Machine Vision; Mobile Graphics & Imaging
- User Interfaces
- Semiconductor Research
- Advances in Communication Techniques and Theory
- Machine Learning, Deep Learning, and Analytics
- Mobile Applications and App Enablers
- Robotics and UAV

Participating Schools

California Institute of Technology
Carnegie Mellon University
Columbia University
Cornell University
Georgia Institute of Technology
Massachusetts Institute of Technology
Princeton University
Rutgers University
Stanford University
UC Berkeley
UC Los Angeles
UC San Diego
University of Illinois, Urbana-Champaign
University of Maryland, College Park
University of Michigan
University of Southern California
University of Texas at Austin
University of Washington

Awards

- \$100,000 Fellowship per team
- Collaborate with Qualcomm Researchers
- Travel to Qualcomm Facilities

Info Session

Noon – 1pm, 10/22/2015
McKenna/Peter, CUC
Lunch Served!

Proposal Submission Deadline
December 7, 2015

Finalists Announcement
February 2, 2016

Finalists Presentations
March 2016

Winners Announcement
April 2016

QInF Day
September 2016

Application Process

Each team must submit the following items (in PDF or Word format) online:

- Three page proposal summarizing the innovative idea
- Letter from one or more faculty recommending the innovation
- CV of student team members
