

ROBOTICS FACTORY

ACCELERATING YOUR STARTUP WITH THE ROBOTICS FACTORY

CALLING ALL ROBOTICISTS.

February 1, 5 - 7 PM,

Rashid Auditorium, Gates Hillman 4401 (GHC 4401)

Information and Q/A with Parag Batavia, Michael Kaess, Kevin Dowling, and Afshan Khan about the multifaceted opportunities available at the Robotics Factory, including **funding, startup coaching, prototyping resources, and commercialization opportunities available to robotics entrepreneurs** through the Robotics Factory. Upcoming opportunities include:

- Robotics and agriculture innovation summit
- Early-stage robotics accelerator funding and programming
- Robotics prototyping and testing facility use

AFSHAN KHAN

February 2, 12 - 3 PM

ASA Conference Room, Gates Hillman 6115 (GHC 6115)

Meet & Greet: Get your foot in the door with the Robotics Factory Team directly. This is an informal opportunity to stop by the Robotics Factory table set up in GHC 6115 to ask questions, tell the Team about your work, and learn about the various opportunities to support your robotics startup through the Robotics Factory.
