Tepper School of Business | Heinz College of Public Policy | College of Engineering | School of Computer Science

Competition Details

- ★ The STARS Space Innovation Challenge is a weeklong case competition that will go live **Saturday, November 2**
- ★ Convening on November 8th with team presentations being made to a panel of industry experts on November 9th

Team Details

- ★ Students from across the country are invited to form **teams of 4**
- ★ Cross collaboration between different majors is encouraged, and we recommend that no more than 2 students from any discipline be on the same team!

Registration Details

- ★ Registration is currently open and will close **November 1st at 11:59 PM EST**
- ★ Since this competition will be open to other schools, space will be limited so be sure to reserve your spot ASAP!
