4. My learning would have been better supported if...

	Strongly disagree	disagree	Neutral	Agree	Strongly agree
synthesis group discussions were centered around pre-chosen activities each week (e.g., concept mapping).	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
synthesis groups were larger and moderated (similar to lens groups).	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
synthesis group discussions were centered around real student experiences on the day's topic (e.g., anonymous student testimonials offering different perspectives).	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
topics built up from more student-focused topics (e.g., mental health) to more theoretical topics (e.g., systemic inequality).	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

5. Regarding course logistics...
