

GROUP #: _____

Lab 6 Data Sheet, fill out the following data sheet, placing the distance center at the “X” and then recording the values of the sensor at points A-F (just mark next to the letter). Each grid line represents 3” in the real world. Please use a block of black legos high enough that your robot can sense it (ask a TA in lab if you don’t have enough extras)

	G	H		
		E	F	
	C	D		
		A	B
