

**General Robotics Vision Kit
Contract**

**Prof. Howie Choset
Robotics Institute
Carnegie Mellon**

Team: _____

The team consisting of

_____ student account number _____ date _____
name 1

_____ student account number _____ date _____
name 2

_____ student account number _____ date _____
name 3

willingly accept as a loan the equipment listed below. This equipment is the property of the Robotics Institute at Carnegie Mellon University and must be returned in a like-new usable condition on the last day of classes or sooner, if an entire group drops the class. The group members must check all items within 48 hours of receiving them for damage. After this point, it is the group members' responsibility to care for this equipment and replace all damaged items. We have provided a parts list with their cost.

Failure to return these parts constitutes a violation of academic integrity. Groups who do not return the equipment will have their grade withheld until the equipment is returned and will be subject to the University Disciplinary Committee.

On the last day of the class, however, the members can write a check payable to Carnegie Mellon for the replacement cost of the unreturned items.

The vision kit has the following parts:

(1) XCam Anaconda Wired Camera

(1) ONE TV adapter

(2) Maglite Solitaire Flashlight

(1) Power Adapter

(1) Camera Mount

Certification of completeness:

_____	_____	_____
name 1	student account number	date

_____	_____	_____
name 2	student account number	date

_____	_____	_____
name 3	student account number	date

verify that the kit loaned to us is complete.
