The image shows a YouTube video player interface. The video features a woman with long blonde hair, identified as Tana Mongeau, speaking directly to the camera. The video title is "I got CAUGHT having sex on a Ferris Wheel... and more HORRIBLY EMBARRASSING stories". The video has 3,758,183 views and was uploaded on May 28, 2018. The player shows a progress bar at 10:20 / 20:02. A transcript overlay is visible on the right side of the video, displaying a list of timestamps and corresponding text segments. The transcript includes the following segments:

- 10:05 And that is the story of the time that I snorted my snots in the Justin Bieber of Spain's ear.
- 10:13 So not only is that why I am single why I'm
- 10:16 disgusting, why people don't like me, why my manager doesn't like me, why I could probably be ten times more
- 10:21 successful than I am if I was like a play cute little girl, like I could have like hit on him, like who knows you know?
- 10:25 But like, no. And now, onto the next embarrassing story,
- 10:30 Which is actually a sex story. I kind of want to eventually do an entire video where I tell it embarrassing sex stories

The video player also includes standard controls such as play/pause, volume, and a settings menu. The video is categorized under "Report" and "Show transcript".

aren't you proud of these sweet things i did to make our lives better right so i'm thinking like oh he's finally snapping out of it which again says a lot about me for choosing this person over and over and over again because i am not just a victim i chose to be abused in this way i don't know why but every time that i come close to walking away something just pull the [__] cord and i're like i have to be with this person again why can't i just be done with it and move on and why can't they do it after i'm done with them once and for all i'm just such an [__]fixer i try to fix everything i try to make everybody happy i just i don't [__] know why but i have to be the one that like makes other people happy i have issues so i'm sitting there thinking oh damien he just showed me how love somebody for a second before he goes back to being abusive again i didn't really know what else to do so i start limiting howwe come in contact because at that point he had been controlling me yelling at me you know threatening me like texting me all the time like it was getting out of control like i was uncomfortable
